---

**SUMMARY:** Dedicated and detail-oriented computer science student at Lewis University focusing on software development. Experienced and knowledgeable in Python, Java, C++, and problem solving in a coding environment. Looking for an internship to utilize and grow programming skillset and collaborative problem solving.

## EDUCATION:

Joliet Junior College | Joliet, IL  
*Associate of Applied Sciences in Computer Programming*

May 2025  
GPA: 3.7

Lewis University | Romeoville, IL  
*Bachelor of Science in Computer Science*

Expected May 2026

## RELEVANT COURSES:

- HTML and CSS
- Data Structures
- JavaScript
- Programming Web Apps
- Python
- Java
- C++

## SKILLS AND QUALIFICATIONS:

- Python • Java • C++ • Data Structures • HTML • CSS • JavaScript • Communication • Problem Solving • Adaptable • Organization

## Project:

Full Stack Web Application | Python, *Django*, *MySQL*, *HTML/CSS*

- Developed a web application with a user-facing form built using HTML and styled with CSS
- Implemented backend logic using Python and Django to process and validate form submissions
- Configured MySQL as the database to store submitted form data
- Connected the frontend and backend so that, upon clicking the submit button, user input is securely saved to the database.
